

## Eisler Welcomed As He Arrives In Prague

**Says He Is Glad To Be Out Of U.S.**

Prague, Czechoslovakia, May 31—(AP)—Gerhart Eisler, bail jumping Communist, slipped out of England to Czechoslovakia by plane today.

Slated for a leading role in the Russian zone of Germany, he said he was enroute to Berlin and then to a university chair at Leipzig to "do everything I can to help the Communist party."

He said he left England without advance notice to avoid "American tricks," and expressed gratification at being in Czechoslovakia "instead of in the America of that damn fool Tom Clark and the un-American activities committee."

**Tried To Extradite Him**  
Clark is the attorney general of the United States who tried his best to extradite the 52-year-old Communist from Britain. Eisler had fled from New York on the Polish liner Batory while two prison terms were hanging over his head.

One of the sentences was for contempt of congress in connection with Eisler's refusal to testify before the House committee on un-American activities and the other on a passport fraud. A British court refused to extradite him on the grounds that he was not accused of perjury as defined by British law.

In Washington, however, Clark's aides indicated they did not consider the effort to return Eisler to the United States had been closed.

**Leaves In Secrecy**  
Eisler arrived at Northolt airport outside London this morning in a closed car just before the Czech airlines plane took off on a non-stop flight to Prague. His name was not on the passenger list, his baggage was not labeled and his ticket bore no name. It was not until the plane was gone that immigration and customs officials said he was Eisler.

He had been given an exit permit by the British home office. He was listed on the plane manifest as "stateless," though he claims German nationality.

Eisler smiled amiably when he landed here.

He said he had come by way of Prague because he did not dare fly direct to Berlin, where planes land in or near American installations.

Eisler was bitter about detention of his wife by American authorities.

"It is just like the Nazis who seized parents and children of persons they disliked as hostages," he declared.

Mrs. Eisler, who is facing deportation, was arrested for questioning about her husband's May 6 flight from New York.

**Secret FBI Data Slip Says Ickes Secretary Red Spy**

Washington, May 31—(AP)—A secret FBI data slip citing a girl, aide of former secretary of the interior Harold Ickes as a reported Soviet "contact" was introduced today at the espionage trial of Judith Coplon.

Miss Coplon, 28, a former Justice department analyst, is accused of stealing government secrets with intent to aid a foreign power, Russia.

The FBI memo, sized in Miss Coplon's purse when she was arrested last March 4, contained a report on a woman named Ursula Wasserman and read as follows:

"In March 1946, subject had in her address book the name of Ruth Gruber. Gruber has been reported to have been a contact of F. A. Germain of the Soviet embassy, who was in Washington. Gruber was secretary to Harold Ickes, secretary of interior."

(Interior department records show that Miss Gruber was a department employee for five years, but was never Ickes' secretary.)

Reached by telephone at his Maryland farm, Ickes commented explosively:

"If that's a test of the accuracy of the FBI, they better disband. Some fool writes her (Miss Gruber's name) on a slip of paper and they try to smear her. If she's a Red, I'm a hottentot."

**US, Britain Make Protests To Reds**

Washington, May 31—(AP)—The United States and Britain have prepared new protests accusing three Soviet satellite nations of violating peace treaty pledges on human rights.

This was disclosed by the State department today. Officials said they did not know whether the notes have actually been delivered yet to Romania, Bulgaria and Hungary.

## Rules Pay Hike Bigger Than Union Asks Illegal

Washington, May 31—(AP)—A cents an hour—more than the union gage increase bigger than a labor had asked during negotiations. It union demanded was declared illegal by the supreme court today because the employer failed to notify the union of the raise.

The court ruled unanimously that when an employer is negotiating with a union on an increase, he can't grant a general increase without consulting the union. To do so, the court held, is a violation of the National Labor Relations Act, which guarantees the right of collective bargaining.

The company involved was Crompton-Highland Mills, Inc., of Griffin, Ga. The CIO Textile Workers union had been certified as bargaining agent for workers in the plant, and negotiations were in progress for a contract.

Talks reached a stalemate December 19, 1945. Twelve days later, Crompton-Highland granted a wage increase ranging from two to six cents.

## Says New Health Plan 'Long Leap'

**NO DATE SET FOR U.S. ARMY TO LEAVE KOREA**

Washington, May 31—(AP)—The Army department said today no date has been set for the withdrawal of remaining troops of the U.S. 8th Infantry Regiment Combat team stationed in Korea.

Authority has been given for the American troops to leave behind some equipment for the Korean Republic's new army. For reasons of security, the Army department declined to list the amount or type of equipment.

## Reports Farm Land Prices Decline In Last Six Months

Chicago, May 31—(AP)—Farm land prices reached their peak some time in the last six months, the Seventh Federal Reserve bank reported today.

The seventh district comprises Illinois, Indiana, Iowa, Michigan, and Wisconsin.

Land price declines averaged as much as 14 per cent for Michigan and one per cent for Indiana, and extended to as much as nine per cent for one Wisconsin area and 20 per cent for one Michigan area, the report said. It was based on quarterly replies from more than 500 co-operating bankers in the seventh district.

Bankers generally described the land market as "quiet." However, 90 per cent of them reported fewer sales in the first quarter than in the similar period a year ago.

A declining proportion of sales for cash "is probably most marked for Indiana, where the reported decline has been from 49 to 37 per cent, and for Michigan, where the drop was from 38 to 26 per cent," it was noted, while Wisconsin, Illinois, and Iowa also showed declines in cash sales.

## Says Witnesses In Bridges' Trial May Have Been Bribed

Washington, May 31—(AP)—Attorney General Tom Clark today ordered a grand jury investigation of reports that there were attempts to tamper with witnesses who testified against Harry Bridges.

Bridges, Australian-born head of the International Longshoremen's union, was indicted in San Francisco last week on a charge of perjury and fraud.

The government claims he made a false statement when he applied for his naturalization papers in 1945. He swore then—falsely, the government says—that he never had been a Communist.

Two other Longshoremen officials, Henry Schmidt and J. W. Robertson, were indicted along with Bridges, on charges of making false statements in the naturalization proceedings. Clark, in his announcement today, did not say how, when or by whom the reports of witness-tampering were made. "Tampering" means an attempt to influence a witness secretly.

Clark said that F. Joseph Donohue, his special west coast assistant who handled the previous grand jury charges, will head this investigation, too.

**KILLED BY AUTO**  
Danville, Ill., May 31—(AP)—Edward C. Taylor, 63, a roofer, was killed last night by an automobile driven by Edward Garrison, 18.

## Four US Consular Employees Held 24 Hours By Russians

Hamburg, Germany, May 31—(AP)—Four American consular employees were held by the Russians for more than 24 hours after their sail boat drifted onto the shore of the Soviet zone during a weekend holiday.

They had set out for an hour's sail in a small boat from the British zone side of Travemunde day. A strong wind carried them to the Soviet zone side and they went ashore for food and safety.

It wasn't until the next evening that they were permitted to re-enter the British zone.

The four were Vice Council John Perry, Boston, Mass.; Miss Margery Ann Combs, Montclair, N.J.; Miss Katherine Davis, Conroe, Texas; Miss Mona Meier, Kansas City, Mo. all work in the U.S. consulate here.

Miss Davis said today that they were all well treated "by Russian standards."

## Memorial Weekend Is Last For 413; 36 Illinoisans Die

**By The Associated Press**  
The summer season's first big week end was the last for 413 Americans.

That number lost their lives in accidents on the highways, and in miscellaneous observances of the three-day Memorial Day holiday.

The period covered by the survey extended from 6 p.m. in all time zones Friday until midnight Monday.

As usual traffic was the big killer—253 persons dying on the highways. The toll surpassed the advance estimate of 215 by the National Safety Council.

Eighty-seven persons drowned and 73 lost their lives in fires, falls, airplane crashes and other holiday tragedies.

The total deaths compared with an unofficial 404 over the three-day Memorial Day holiday of 1948 and 504 in 1947.

The toll by states from traffic, drowning and other causes:

Alabama 2 0 0; Arizona 0 0 1; Arkansas 4 0 1; California 33 6 8; Colorado 2 3 1; Connecticut 0 1 1; Florida 4 3 3; Georgia 9 0 0; Idaho 0 0 3; Illinois 25 3 8; Indiana 8 0 0; Iowa 5 9 2; Kansas 8 0 0; Kentucky 6 4 0; Louisiana 1 0 0; Maine 1 1 0; Maryland 3 2 0; Massachusetts 6 0 3; Michigan 10 7 1; Minnesota 4 5 2; Missouri 2 1 3; Montana 2 0 1; Nebraska 1 0 0; New Hampshire 2 0 0; New Jersey 4 3 0; New Mexico 1 0 1; New York 14 4 3; North Carolina 8 3 1; Ohio 16 4 3; Oklahoma 3 0 1; Oregon 3 1 2; Pennsylvania 18 1 4; South Carolina 6 2 1; South Dakota 4 2 0; Tennessee 5 3 1; Texas 8 7 9; Utah 0 0 1; Vermont 1 0 0; Virginia 10 1 1; Washington 0 3 3; West Virginia 6 2 0; Wisconsin 7 6 1; Wyoming 1 0 0.

## Bill To Remove State Police From Politics Advances

Springfield, May 31—(AP)—Governor Stevenson's bill removing state police from politics advanced in the Illinois House today after weathering a proposed change by Rep. Warren Wood (R-Plainfield).

Wood wanted the police merit board, to be created under Stevenson's plan, to fill vacancies on the force from lists of names supplied by Democratic and Republican committees.

Wood contended his amendment was a "practical idea." The House, however, turned him down. The bill may be called for passage later this week.

In the Senate, a bill appropriating \$12,331,000 to Secretary of State Edward J. Barrett for running his office received approval and moved to the House.

Other bills passed by the senate and referred to the House included: Appropriating \$97,000 for flood control work in Roselare, Hardin county.

Rewriting the 1919 act licensing and regulating optometrists.

Increasing the amount of money that may be collected for support and care of children born out of wedlock. The present limit of \$100 a year would be raised to \$500.

## Indict Police Head For Not Stopping Gambling In Town

Chicago, May 31—(AP)—Chief of police Robert Wigglesworth of suburban Melrose Park today was indicted on a charge of non-feasance in office. The charge resulted from his alleged failure to suppress gambling in the western suburb.

Wigglesworth was charged specifically with failing to close the Casa Madrid, a gambling spot which investigators described as "the most flagrant violation of the county's gambling laws."

The Cook County (Chicago) grand jury acted against Wigglesworth after the police official had been repeatedly ordered to suppress gambling by State's Attorney John Boyle.

Chief Justice James J. McDermott of criminal court set bond at \$2,500.

## Russia Requests Big Four Ask German Reds To Meet

## House Group Orders Investigation Into U.S. Buying Of B-36 Bombers

Washington, May 31—(AP)—A House committee today ordered a full-scale investigation of the nation's airpower policies and "disturbing rumors" about purchases of the huge B-36 bombers.

Admittedly worried by reports involving top defense officials, aircraft companies and Democratic party politics, the House armed services committee ordered the study. It voted to ask for \$50,000 to do the job.

"This will be no whitewash investigation," said Chairman Vinson (D-Ga.).

Rep. Short (R-Mo.), ranking minority member on the committee, said:

"This is not a witch hunt. It is only fair that these matters be clarified."

The investigation was demanded last week by another republican committee member, Rep. Van Zandt of Pennsylvania. He asked that a man, asked the Georgian whether the inquiry would cover all phases of

## West Rejects USSR-Backed Delegation

Paris, May 31—(AP)—It was the west's turn to say "no" to Russia today.

The United States, Britain and France refused the request of Soviet Foreign Minister Andrei Vishinsky to invite a 22-man delegation from the Soviet sponsored German People's Congress to present the German case to the foreign ministers council.

This was after Vishinsky said "No" to the western proposals for a merger of east and west Germany under the Bonn constitution on Monday and again for two and a half hours today.

**West Says 'No'**  
In much shorter time but no less emphatically, U.S. Secretary of State Dean Acheson, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman said "No" when their turn came.

That seemed to end in failure the discussion on the political merger of Germany. The ministers expected to pass on to the Berlin problem tomorrow. The question was whether the same deadlock would develop on that issue, too.

The delegation which Vishinsky asked the ministers to receive was chosen yesterday from a single slate in a show of hands by the People's Congress in Berlin. The congress was elected in Soviet zone balloting a little over two weeks ago from one list of hand-picked candidates.

About a third of east zone German voters cast "No" ballots. About a fourth of the delegates had been chosen by communist organizations in west Germany to give color to the claim that the congress represents all Germany.

**Charge Violations Of Treaty**  
In his two and a half hour clause-by-clause attack on western proposals for unification of Germany, Vishinsky repeated over and over that the western powers were violating the Potsdam agreement, were guilty of dollar diplomacy, were splitting up Germany and were trying to force a "dictate" on Russia.

Before the council met, Acheson, Bevin, Schuman and their top advisors conferred for about three hours at the French foreign ministry. Presumably they wanted to get together on their strategy when the next items are taken up.

It was reported the three western ministers decided to avoid the technical aspects of Berlin currency, a chief point of contention, and discuss only broad principles.

## Dr. Roland Cross Named As Illinois Health Director

Springfield, Ill., May 31—(AP)—Dr. Roland R. Cross was nominated today for another two year term as state health director, a position he has held since 1940.

He was named by Governor Stevenson. The Democratic governor also announced appointment of Don Forsyth of Springfield and John S. Gleason, Jr., of Wilmette as Illinois Veterans commission members.

Dr. Cross is the first department head under the former Republican state administration to be re-named. The 60 year old doctor has been in state public health service since 1932.

Forsyth, a native of Mt. Vernon, is a former insurance man and had worked in the automobile department of the secretary of state's office. He is 41 years old. Gleason, 34 years old, has been connected with the First National Bank of Chicago for 12 years.

## Over 400 Pay Final Tribute To Ripley

New York, May 31—(AP)—More than 400 persons paid final tribute today to Robert L. Ripley, cartoonist creator of "Believe it or not," as funeral services were held at St. James Protestant Episcopal church on Madison avenue. Ripley died Friday at the age of 55.

Meanwhile, Ward Greene, general manager of King Features syndicate, said Ripley's syndicated cartoon would be continued until his will is filed for probate "when more permanent arrangements will be made for continuation of the feature."

Ripley's body will be sent to Santa Rosa tomorrow for burial.

## WEATHER

The Norbury Sanatorium, cooperative observer for the U.S. Weather Bureau, yesterday reported the temperatures for Tuesday as follows: High, 87; low, 58; and at 6 p.m., 82.

**Forecast for Illinois**—Generally fair today with little change in temperature.

## Hickenlooper Himself Will Question Lilienthal

**To Battle Out Worth Of AEC Face-To-Face**

Washington, May 31—(AP)—Congressional investigators today decided to let Senator Hickenlooper (R-Iowa) himself question atomic chief David E. Lilienthal in a face-to-face meeting tomorrow.

Chairman McMahon (D-Conn.) announced the decision after a two-hour closed door session of the Senate-house atomic energy committee.

McMahon said he will let Hickenlooper conduct the questioning, thereby setting the stage for a dramatic encounter between the two principals in a round robin of bitter charges and counter charges.

The public hearing will start at 5 a.m. C.S.T.

Hickenlooper has accused Lilienthal of "incredible mismanagement and maladministration" in directing the nation's atomic development program.

The Iowa Senator's charges capped a series of disclosures that a small quantity of uranium-235 was missing from a Chicago atomic laboratory for seven weeks before the FBI was notified, and that federal agents "stole" two bars of uranium from another atomic plant in a security test and kept it for months without being detected.

Congressional witnesses have also testified that at least one admitted communist and three or four others whose loyalty has been questioned, have been awarded \$1,600 to \$3,750-a-year atomic fellowships.

**Lilienthal Returns Blast**  
Finally stung to the explosion point, Lilienthal called newsmen to his office during the Memorial day holiday yesterday and cut loose with one of the sharpest blasts a top government official has leveled against a U.S. Senator in years.

Lilienthal accused Hickenlooper of resorting to "Un-American smear" tactics and declared the Senator's charges are "calculated to arouse fear, uneasiness, fright and ultimately panic."

McMahon told newsmen that the 18-member congressional committee will go into "all matters relevant and irrelevant."

Hickenlooper estimated it will take five to eight days to present his case. McMahon predicted a three-week hearing, perhaps longer.

## Sailor Ends Dash Across Ocean To Stricken Wife

Los Angeles, May 31—(AP)—A Navy man's 5,000-mile dash to the bedside of his polio-stricken wife ended today.

Although conscious only at intervals, Mrs. Marion Kopytko smiled wanly from an iron lung in Los Angeles General hospital as her husband, Navy chief storekeeper William J. Kopytko, walked into her room in the polio-metis ward.

Kopytko has been in the Pacific 16 months, is eligible for retirement in November after 20 years' service in the Navy. He had never seen his nine-months-old son but his first concern was his wife.

Kopytko visited his wife for a few minutes. When he came back into the lobby he choked up. On the verge of tears, he was unable to describe the meeting. Later, he told newsmen he could not embrace her; in fact, he was told to remain three feet from her.

Mrs. Kopytko, 30 years old, was stricken a week ago. Arrangements were made for her husband to visit her.

Hospital doctors said Mrs. Kopytko still is on the critical list.

## AIRLIFT BREAKS RECORD IN MAY

Berlin, May 31—The western airlift broke another record during May.

The American and British planes, supplying Berlin flew in 250,813 tons, in 27,178 flights for a new monthly tonnage high, the Air Force said tonight.

The previous record of 235,363 tons was set last month.

## U.S. CLOSING MUKDEN, CHINA CONSULATE

Washington, May 31—(AP)—Six months of Chinese communist pressure has led the United States to close the American consulate at Mukden, its principal official outpost in Manchuria.

The State department announced today that orders have gone out for the recall of Consul General Angus Ward and his staff of nine.

The Mukden outpost was given up under protest without affecting the status of American official representatives in North China cities conquered by the communists, and the United States—the quick and the dead.

**CONGRESS GETS EVICTION NOTICE;  
QUARTERS TO UNDERGO REPAIRS**

When July rolls around Congress is going to be dispossessed. Major repairs and remodeling are set to begin then in both the Senate and House chambers in the Capitol, so the present occupants of these premises must move.

Just before the war the skylight ceilings in both places were ruled unsafe—not fit to withstand much longer the reverberations of congressional oratory.

In those days Congress was meeting almost continuously but the lawmakers were shooed out while naked steel piers and beams were installed to support the shaky ceilings temporarily. Permanent repairs, it was said had to wait on longer recesses and more materials.

The war came along. Like many "temporary" structures in Washington, the steel supports have lasted a good while about nine years in this case. Maybe congressmen are afraid they won't like the acoustics when the factory-like framework is gone. But finally July of this year was fixed as a deadline.

Leaders in Congress now say July 31 is the earliest possible adjournment date for this session. Hence the legislators are going to have to conduct the nation's business elsewhere for at least a month.

The Senate has decided to meet in the rather small chamber that was its original home from 1819 to 1857. This spot, in the Capitol near the Senate wing, was later occupied by the Supreme Court until it got its own building in 1935.

The Senate met there for six weeks in 1940 while riveters were tossing hot steel around the regular chamber during installation of the supports.

Working in the smaller setting imposes several handicaps. If all 96 senators showed up at once, which practically never happens, it's doubtful they'd all have a place to sit down.

When the Supreme Court moved out some of the justices took along their favorite chairs. Possibly a few senators could drag theirs over from the big chamber.

There'll be mighty little space for the press in the temporary Senate quarters, and virtually no accommodations for the public. This will be a disappointment to those of our senators who are at their best before well-filled galleries.

The 435 House members are expected to perform their chores in the huge, high-ceilinged hearing room of the Ways and Means Committee. It's in the new House office building. That means less exercise for the congressmen, who now trot over to the Capitol several times a day to answer roll calls in busy sessions.

Fortunately for the lawmakers, and probably for the country none of these temporary arrangements will deprive them of their treasured air-conditioning in muggy summertime Washington. We tremble to think what might find its way onto the statute books if they had to cope again with a combination of high humidity and high congressional tempers!

**Mrs. Anna Taylor  
Dies Here Tuesday;  
Rites Thursday**

Mrs. Anna D. Taylor, wife of Louis G. Taylor, died Tuesday at 1:35 a. m. at her residence, 909 East Lafayette avenue, following an illness of two months.

Mrs. Taylor, the daughter of Henry and Amelia Marquard, was born in Greenview on March 20, 1889. Her marriage to Mr. Taylor took place on July 30, 1908, in Petersburg.

To this union were born nine children, three of whom died in infancy. One son, Russell Nathan, was killed in action in the European theatre.

Surviving are five children, Rose Mary, Ann and Louis G. Taylor, Jr. of Jacksonville, and Eula Chas. of Mattoon; two grandchildren, Sharon Leigh and Russell Douglas of Rushville; a brother, Edward Marquard of Springfield; and one sister, Mrs. Mabel Baumann of Chicago.

She was preceded in death by two brothers and one sister.

Funeral services will be held Thursday at 2:30 p. m. at the Williamson Funeral Home. Burial will be in Jacksonville East cemetery.

The body, now at the funeral home, will be taken to the family residence at 10:30 a. m. Wednesday and will be returned to the funeral home one hour before the time of service.

**Virginia Eastern  
Star Chapter to  
Hold Ceremony**

Adah Robinson Chapter of the Order of the Eastern Star at Virginia will observe Brothers' Night on Wednesday, June 1, at 8 p. m. central time. All the brothers in the chapter, (Morris Gustin, chairman), will serve as the entertaining committee. Members of other chapters are invited.

The following matrons and patrons will fill the various stations.

Worthy Matron, Marian May, Jacksonville; Worthy Patron, John S. May, Jacksonville; Associate Matron, Juanita Quisenberry, Springfield; Associate Patron, Reeves Evans, Riverton; Secretary, Glenn Satorius, Petersburg; Conductress, Myrtle Wheeler, Springfield; Associate Conductress, Lella Bare, Mason City; Chaplain, C. **Federated Club  
Board to Meet  
In City June 6**

Members of the district board of the Illinois Federation of Woman's clubs will hold a regular meeting Monday, June 6, at the Dunlap hotel, beginning at 10:30 a. m.

Mrs. Harold Hunter of Griggsville, president of the district federation, will preside.

Reservations for the luncheon should be sent to Miss Lillie Collins, 307 East Cook street, Springfield, no later than June 4.

**Copies of Goltra  
Family Genealogy  
In Five Libraries**

Copies of the Goltry-Goltra genealogy can be found in five libraries in the United States, in Des Moines, Los Angeles, New York City, Washington, D. C., and the Newberry Library in Chicago.

Completed in the summer of 1947, the genealogy contains much historical data concerning this pioneer family.

The genealogy was prepared by Howard G. Burdge, a member of the family, who spent several years in gathering the material. He was assisted by Mrs. Dora Goltry Marshall of Arlington, Neb.

Miss Mabel Hall Goltra, 1345 Mound avenue, the only descendant in Jacksonville bearing the family name, is credited in the introduction for her "really valuable assistance."

The genealogy is labeled Goltry-Goltra, as both names apply to the same family.

**Granddaughter of  
Local Woman Is  
Spelling Champ**

Joan O'Bryan of Denver, Colo., granddaughter of Mrs. Elizabeth Willner, 1228 Center street, won the Rocky Mountain News Colorado-Wyoming spelling contest, and an all-expense trip to Washington, D. C., as her reward. Mrs. Willner has received several Denver newspapers which tell of her granddaughter's victory.

The young lady, 14 years old, is an eighth grade student at the Westwood Junior high school in Denver. She outspelled a large number of contestants from two states, and was sent to the national contest in Washington by the Rocky Mountain News.

**34 JHS SENIORS ATTAIN HIGH SCHOLASTIC STANDING**

**She Answers Questions Of  
People From 5 Continents**

By Hal Boyle

New York, May 31.—(P)—"How old is God's grandmother?"

This is one of 50,000 questions put last year to the American child's number one answer lady—Ellen V. McLoughlin.

Miss McLoughlin is editor-in-chief of the Book of Knowledge, a reference library for children that has sold 5,000,000 twenty-volume sets since 1910.

With each set the buyer gets a book of 100 coupons. Each coupon entitles him to send in a question to the book firm's answer service.

"If everyone asked his full quota of 100 questions we'd have been bankrupt long ago," laughed Miss McLoughlin.

Requires 35 Assistants  
As it is, she requires a staff of 35 research assistants to inform readers on how to install a farm sewage system or the best way to stuff a chipmunk.

The questions come from five continents. A surprising number are from grownups.

One uneasy young man, encased to be married, wrote in to ask if he really loved the girl he was pledged to lead to the altar.

"We told him that, statistically, nearly 100 per cent of young men about to marry felt the same way," said Miss McLoughlin. "And we assured him it was just a case of cold feet that normally should disappear after the ceremony."

Children's Queries More Sensible  
Miss McLoughlin, who receives an honorary degree from Lincoln (Ill.) College this week for her work in child education, thinks children ask more sensible questions than grownups.

Her favorite is the child who Adams wanted to know: "Why is honey clean, when bees trample all over it with their feet?"

"A natural question like that bolsters your faith in children's intelligence," she said. "But what adult would think to ask it?"

Miss Loughlin, a pleasant, red-haired woman of middle age, has an almost perfect "Q. & A." batting average, of perhaps 1,000,000 questions submitted to her service in the last 20 years, she remembers only one that completely stumped her staff.

"It came from a visiting South American who owned a Zircos mine," she said. "He wanted to know how he could color his zircos to make them more valuable."

Secret Trade Process  
"After a long search we found this was a secret trade process in the gem industry—something the man himself had known to be true all along. He stamped out of the office, very annoyed, when we refused to try to find out the secret for him."

Miss McLoughlin had as little patience with him as she did with a wealthy bootlegger's widow who wanted to know how she could crash her hometown society, now that prohibition—and her husband—were gone.

One of the oddest requests to reach her desk came from a man who inquired as to the best way to wash dollar bills.

"We asked the treasury people in Washington," smiled the answer lady. "They replied rather haughtily that they didn't want people to launder their paper money."

## Shadow of Sickle Grows With Chinese Reds' Success

Military authorities have pointed out that Communist expansion throughout southeast Asia would put a succession of unfriendly regimes along our Western Pacific defense line, as shown on map. Present Communist successes in China spotlight the precarious position of countries to the south if Reds win total victory. Most of them are bedeviled now by local Communist agitation and propaganda. Here's the line-up: BURMA (1): newly independent, this former British colony is feared ripe for Communist picking. The country is plagued by civil disorders, and Reds are openly working for seizure of government. SIAM (2): So far has escaped Red violence and seeks to prevent Communist infiltration. Siam fears its large Chinese population will swing to communism once China is under Red yoke. FRENCH INDO-CHINA (3): Powerful revolutionary government of Viet Nam province, reportedly Communist-controlled, is serious threat to rich Indo-China and all southeast Asia. MALAYA (4): Communist bandits have terrorized nation for nearly a year. Ninety-nine per cent of Reds are Chinese. JAVA (5): Communist rebellion last fall hindered Indonesians in their struggle for independence from Dutch. PHILIPPINES (6): After ambush slaying of Mrs. Quezon, government launched all-out campaign against Communist-led Hukbalahap guerrillas who have terrorized Philippines since the war ended.

## Concord-Arenzville Highway Bids To Be Opened On June 10

The office of Melvin J. Benscoter, superintendent of Morgan county highways, has been notified that bids for construction of 4.10 miles of improved highway between Concord and Arenzville will be opened at offices of the Illinois Division of Highways at Springfield on June 10. The hour of opening the bids is 10 a. m. Daylight Saving Time.

Construction of a gravel or crushed stone highway between Concord and Arenzville, the county line, is expected to be done this summer. The project will be financed by the federal government, which pays half the cost; by the state and county, which pay the other half. Morgan county's share of the cost will be met with motor fuel tax funds.

The 4.10 mile highway is designated as Federal Aid Route 579. Specifications call for a gravel or crushed stone surface course at an estimated total cost of \$100,700. The successful bidder will furnish the materials and do the construction work.

Engineering figures show the job will require 8,226 cubic yards of grading and 9,605 cubic yards of gravel or crushed stone course Type C. The route traverses the Arenzville hill, where heavy grading work will be done to insure proper drainage.

Morgan county furnished the right-of-way and all engineering services for the project.

## Rites Monday

**PFC. ERNEST EDWARDS**

White Hall—Final rites for Pfc. Ernest Edwards, who died suddenly on the Island of Guam April 26 following a heart attack, were held at the First Baptist church in White Hall Monday at 2:30 p. m., with the Rev. Ben A. Bohn officiating. Military rites were conducted at the graveside.

Pfc. Edwards resided in White Hall, prior to entering the service 19 years ago.

His brother and sister-in-law, Mr. and Mrs. Earl Edwards, and Mr. and Mrs. Lee Kilmer of Detroit, Mich., attended the services.

## Marital Status Important For Vets' Payments

Any change in a veteran's marital or dependency status may be of paramount importance in connection with federal rights and benefits.

As an illustration, many veterans are not aware that if they have even a minor service-connected disability and are hospitalized as a result of it for more than three weeks, they are eligible for an increase in compensation.

Marital status and number of children also have a definite bearing on the amount of subsistence payable to veterans studying under the GI Bill of Rights.

Without a record of marital status or dependents on file, veterans may lose out on payments that could mean a lot at such a critical time.

Service officers of the Illinois Veterans' Commission have been instructed to check on veterans in their area to determine their marital and dependency status. Those who have not been contacted should see their service officer at the first opportunity.

In Morgan county the office of the commission is located at 6-7 Morrison Block in Jacksonville.

## Journal Carrier Of 90s Visits Boyhood Friends

W. S. Terry of Los Angeles, Calif., didn't have to get up at 3:30 o'clock Tuesday morning before he arrived at the Journal Courier office. He recalled, however, that when he was

a boy more than 50 years ago, he rolled out of bed at an early hour to carry Jacksonville Journals on four routes. Mr. and Mrs. Terry have been spending several days with friends in Morgan county, stopping at the home of Mrs. Marian Keplinger at Franklin. "I borrowed a car at Franklin and have been making the rounds of old friends," Mr. Terry said. Mr. Terry was graduated from Whipple Academy, after which he at-

tended Illinois College through the junior year. He established one of the first modern creameries in central Illinois in this city about 1900, removing to California 44 years ago where he was in the employ of the Shell Oil Co. for a number of years. His wife is librarian of the public library at Beverly Hills, Calif. She was formerly Miss Mary Boynton, a native of Waverly, the town having been founded by her great grandfather, John Cleveland Salter. Mr. and Mrs. Terry expect to leave Wednesday for their home.

## Bob Hawk Injured In Auto Accident On State Rt. 104

Bob Hawk, 421 Arnett street, was painfully injured about 1 a. m. Monday, when his car struck a tractor on State Route 104.

The accident occurred east of Chambersburg, as Hawk was returning from Quincy. He was brought to Our Saviour's hospital by two boys who were passing at the time.

Hawk sustained chest injuries and cuts to his head and arm. X-Rays will be taken to determine the full extent of his injuries. Dr. Vincent Lentz is the attending physician.

The car, a 1941 Nash, was badly damaged in front. It is at the Luke-man garage.

## Workers Overcome By Ammonia Gas

Chicago, May 31 — (P) — Eleven stockyards workers were overcome tonight when an ammonia gas pipe burst under a stockyards railroad crosswalk.

Peter Wolff, 63, one of the victims, was reported in serious condition at Mercy hospital. Ten negro workers, seven of them women, were taken to Provident hospital.

Firemen poured streams of water from fog nozzles into the escaping gas, hoping to disperse it. Instead, it formed in pockets that spread over a two-block area.

Fire chief Arthur McGarry said those overcome had walked into the gas pockets.

The ammonia gas is used as a refrigerant.

Record production of bituminous coal in the United States for a single year was 619,576,000 net tons in 1944.

## Cataract Condition Of Eye Usually Needs Surgery

By EDWIN P. JORDAN, M. D.  
Written for NEA Service

A problem which often develops in the later years of life is a condition of the eye called cataracts. Cataracts can appear in one eye or in both. It is quite common for a cataract to develop first in one eye

and then the other. Occasionally a cataract can be present at birth and it is sometimes also connected with certain diseases, such as diabetes.

As a rule, the first symptom of a cataract consists of some blurriness of the vision. Familiar objects, such as buildings, trees, or mountains, will begin to look hazy. The difficulty lies in the lens of the eye, which like the lens of a camera, must be clear for a good picture. The image records on the brain is like that which passes through the camera lens to the film.

There may not be too much disturbance in sight. The amount of clouding present depends on the change in the lens of the eye. The blurriness or cloudiness of vision may increase very slowly.

**No Medical Treatment**

Up to this time there is no generally accepted medical treatment for a cataract. In other words, there are no "drops" which can be put in the eyes, or medicine which can be given by mouth or by injection, which will improve the cataract condition.

The preferred treatment for cataract is an operation. Cataracts start slowly, however, and a beginning cataract formerly was considered unsuitable for an operation until it had become mature or "ripe." Now, however, it is possible in many cases to operate on cataracts earlier. Of course this is not always possible, but the fact that it can be done sometimes has saved many persons from years of poor vision.

**Note:** Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

BY EDWIN P. JORDAN, M. D.  
**QUESTION:** What is the cause of cold sores on the lips? What can be done for them?  
**ANSWER:** Cold sores, fever blisters, and herpes simplex are probably all caused by a virus. They usually go by themselves after a time. Local treatments with menthol or similar preparations frequently help.

## Sam Snead Wins PGA Tourney From Palmer

Richmond, Va., May 31—(AP)—Sammy Snead swung a skittish putter, a sizzling niblick and his usual terrific woods today to win the Professional Golfers' Association Championship from Johnny Palmer 3 and 2.

His great victory included nearly every kind of revenge and comeback a golfer can ask.

However, good as today's victory fight for the Hot Springs, Virginian, who now lives in White Sulphur Springs, W. Va., he came through without the trueness of his new putting touch.

Snead found putting in March at the Palmetto, S. C., pro-amateur, he carried it with him to victory at Greensboro and used it to win the Masters crown and he still had it for ten trips around Richmond's old 6,877-yard Hermitage course.

But this morning, with his putting touch weak, he brought out a sure iron game to match his 275 and 300-yard drives, and together they were too much for Palmer, the grim retriever from Badin, N. D.

The slump in Snead's putting was a match for the slump in Palmer's iron work. Before today Palmer chipped and approached his way out of rough and bushes to slaughter nearly every opponent.

Snead thus becomes the first man in golf to win the PGA and Masters in one season. And at 37 he is the oldest man to win a PGA.

For his work today he wins \$3,500 first money as well as becoming the year's top money winner. Snead's 1949 total now is \$12,618.83.

Whoever won the PGA and the crown injured Ben Hogan could not defend was sure to replace Lloyd Mangrum who was knocked out by Palmer yesterday.

Sammy now stands fourth in points for the Ryder Cup with Palmer fifth.

This tournament was Palmer's second PGA and as runner-up he wins \$1,500. Palmer who is 30 flew 21 missions in the Pacific as a bomber pilot.

The veteran and the comparative newcomer decided nothing during the first 18 holes today.

## Fishermen Lead Other Sportsmen In Spending Money

Washington, May 31—(AP)—Fishermen spend more money on equipment than do any other sportsmen, says the census bureau.

In a report today on its 1947 census of manufacturers, the bureau said the factory value of fishing tackle amounted to nearly \$58,700,000, or more than one-fourth of the \$210,000,000 worth of sporting and athletic goods of all kinds turned out.

The \$58,700,000 figure represented a 351 per cent increase over the \$12,000,000 factory value of fishing tackle produced in 1939.

By comparison, the 28,884,000 golf balls produced had a value of \$14,300,000. (Remember these are factory values, not the retail prices you pay.)

Production of iron golf clubs was listed as exceeding 2,700,000 annually with a factory value of more than \$10,000,000. Wooden golf clubs, were produced at the rate of 1,140,000 a year with the value of more than \$6,000,000.

A single year's production of other items of major use in sports was recorded by the bureau in these numbers:

Tennis ball, 8,052,000; baseballs, 7,848,000; soft balls, 4,685,000; basketballs, 1,080,000; footballs, 3,696,000; baseball bats (including indoor), 3,332,000; baseball gloves and mitts, 2,184,000; wood and bamboo fishing rods, 954,000; metal fishing rods, 2,895,000; and fishing reels, 5,227,000.

Dom DiMaggio, Boston, held third spot with 336, and George Kell, Detroit, remained fourth with 335.

Others in order included Ted Williams, Boston, and Dale Mitchell, Cleveland, both 333; Sam Chapman, Philadelphia, 325; Eddie Robinson, Washington, 321; Roy Stivers, St. Louis, who dropped from first to ninth with 320; and Johnny Groth, Detroit, 318.

Eddie Joseph, Philadelphia, had the most runs with 45. In the important runs batted in department, Williams held the lead with 41. Kell had the most hits, 54; Zernial the most triples, 17; Mitchell the most doubles, 7; and Williams the most homers, 12.

Bob Dillinger, St. Louis, and Mitchell were tied with the most stolen bases—five each.

Ed Lopat of New York held the pitching lead with five victories and no losses. Hal Newhouser, Detroit, southpaw, led in strikeouts with 48.

## Braves Score In 9th Without Hit; Win 7-6

Philadelphia, May 31—(AP)—The Boston Braves scored the winning run in the ninth inning without a hit after overcoming a five-run deficit to defeat the Philadelphia Phillies 7-6 today.

The victory guaranteed the Braves a tie for first place in the National League regardless of the outcome of tonight's Brooklyn-New York game.

The run that broke a 6-6 tie came when Schoolboy Rowe hit Eddie Stanky with a pitched ball to start the ninth. The Boston second baseman moved up on a sacrifice and then came a walk to Marv Richert.

Jim Konstanty relieved Rowe and after getting Bob Elliott, handed out passes to Jim Russell and Clint Conner to force in the winning tally.

Conner was the big gun in the Braves' 10-hit attack. He connected with three hits, including a homer and a double, and drove in four runs.

The Phils also connected with 10 hits, five of them doubles, one a homer by Andy Seminick.

They drove Boston's Johnny Sain off the mound in the third with five runs. Doubles by Eddie Miller, Rowe, Ed Waitkus and Seminick were the important blows of the frame.

Russell and Conner brought home the Braves' first two runs in the fourth. Conner's double was good for two more in the fifth and the Braves tied the score in the sixth as Stanky singled Bill Salkeld home.

Seminick's fourth home run of the year put the Phils out in front again in the sixth but Conner's matched the four fly hit in the eighth to square matters.

## Braves Score In 9th Without Hit; Win 7-6

Philadelphia, May 31—(AP)—The Boston Braves scored the winning run in the ninth inning without a hit after overcoming a five-run deficit to defeat the Philadelphia Phillies 7-6 today.

The victory guaranteed the Braves a tie for first place in the National League regardless of the outcome of tonight's Brooklyn-New York game.

The run that broke a 6-6 tie came when Schoolboy Rowe hit Eddie Stanky with a pitched ball to start the ninth. The Boston second baseman moved up on a sacrifice and then came a walk to Marv Richert.

Jim Konstanty relieved Rowe and after getting Bob Elliott, handed out passes to Jim Russell and Clint Conner to force in the winning tally.

Conner was the big gun in the Braves' 10-hit attack. He connected with three hits, including a homer and a double, and drove in four runs.

The Phils also connected with 10 hits, five of them doubles, one a homer by Andy Seminick.

They drove Boston's Johnny Sain off the mound in the third with five runs. Doubles by Eddie Miller, Rowe, Ed Waitkus and Seminick were the important blows of the frame.

Russell and Conner brought home the Braves' first two runs in the fourth. Conner's double was good for two more in the fifth and the Braves tied the score in the sixth as Stanky singled Bill Salkeld home.

Seminick's fourth home run of the year put the Phils out in front again in the sixth but Conner's matched the four fly hit in the eighth to square matters.

**THE STORY:** Bea Cosgrove, an-  
ticipated that one of her compa-  
nions on Spence Island, Lily Ham-  
m, committed suicide, has been  
trying to get the facts. Henry  
Harding, owner of the island, has  
been convinced to Bea that he may  
marry Mollie Stark, a girl who  
has been there in company  
with Fred Sillwell, George  
Bascombe and Nona McGuire. Mol-  
lie has been there for some time,  
but Bea has no designs on Har-  
ding. Her reason for being on  
the island is her own. Bea has  
just shown Sillwell that all of the  
"nitbush" of the Spence Islanders  
and worthless people who have  
been killed elsewhere and  
placed in one of the cars of the  
railway where she was  
found. "It's enough," says Fred.  
"I've got him now."

Agnes said fearfully, "I've got  
some checking to do."  
Mollie Stark looked at Sillwell.  
"Mollie wants everyone to be hap-  
py today."  
Fred laughed at her.  
Henry Harding said, "He doesn't  
understand. Please leave us now,  
my dear. Remember there is a  
long future ahead of us."  
Mollie walked with George Bas-  
combe toward the sleeping hut.  
From the expression on her face,  
Bea Cosgrove knew the girl was  
not happy about that reminder of  
the future.

FRED SILLWELL glared at Harding while the others watched. "I want an answer, yes or no. Is the radio working? Why won't you send a message?"

Harding was white with rage. "I've made allowances for you in the past. You'll keep a civil tongue in your head!"

"Or you'll what?" Fred sneered. "I'll tell you one thing. You either get the radio fixed in a hurry or I'll start burning bonfires some fishermen'll see!"

"You'll light no fires on this is-

MABEL JONES packed dirt around a setting with earth-stained palm. Edna and Nona McGuire sat at their ease in the oppressive air and watched the woman's deft, gentle handling of the plants.

"I never got to really know much about plants till after I was married to William. He was my Horse and Dog husband. He had a little farm and a home and I had them through him."

"What happened to William?" Nona asked.

"Oh, he had a fool horse throw him overboard on his head," Mabel

with women, he said, so why with plants? It worked all right. Mabel thumped the dirt around the last of the seedlings.

"Engines finally killed him. I'm, how he would have loved to play, too, with that little funny railway. He could have spent hours running the little cars up and down. Maybe that sort of thing appeals to bookish people. Well, there's the plants set out. I'd better get back to the bread and fast dishes." Mabel Jones started wiping her hands on her black dress.

## Agriculture Head Asks Sweeping New Powers In Proposed Farm Bill

Washington, May 31—(AP)—Sweeping new powers to control farm production were requested by Secretary of Agriculture Brannan today in laying a full draft of the administration's farm program before Congress.

He asked that rigid marketing quotas now usable on only six major crops be permitted on the great bulk of farm products, including meat animals, milk, poultry, eggs, fruits and vegetables.

## Homemakers Install Officers At Virginia High

Virginia—The Virginia chapter of Future Homemakers of America climaxed the activities of the year with a style show and tea for the mothers and friends. Eighty grade girls and their mothers were invited to attend. Garments made in the homemaking classes were modeled.

Officers elected for the next school year are: Romona Johnson, president; Carolyn Jokisch, vice president; Betty Cox, secretary; Peggy Chapman, treasurer; Carmen Shultz, parliamentarian; Mary Miers, reporter; Fay Lindsey, song leader; Jane Launer, historian.

The officers were installed in an impressive ceremony before the student body.

Carmen Shultz was elected to attend the state leadership training camp at East Bay, Lake Bloomington from August 2-6. Carolyn Jokisch was elected alternate.

Betty Cox was elected to serve as delegate to the regional convention which will be held in Columbus, Ohio, from July 11-14.

Mrs. Kate Logan of Philadelphia entertained guests over the week end. They included Mr. and Mrs. Russell Marion and friend, Grace Prince, Mr. and Mrs. Albert Jokisch of California.

Mr. and Mrs. Maurice Jokisch and sons were visiting in St. Louis last Friday.

Mr. and Mrs. Elmer Jokisch spent Sunday evening with Mr. and Mrs. George Parlier.

Several people from this vicinity attended the horse show held in Beardstown on Sunday.

Mr. and Mrs. Russell Waggoner visited their son in Pittsburg, Kansas, over the week end.

The following persons have received marriage licenses from County Clerk George Schultz: Clarence Edward Boyd and Anna May Cox, both of Virginia; Richard Joseph Jones and Imogene Joan Van Hyming, both of Beardstown; Harry Turngren Mann of Chicago and Bernice Evelyn Gouty of Beardstown; James Henry Kahler of Beardstown and Gwendolyn Louise Brown of Joliet.

## Grover C. Vasey Funeral Tuesday

Funeral services for Grover C. Vasey were conducted at 2:30 p.m. Tuesday at the Williamson Funeral Home by the Rev. Walter B. Martin.

Philadelphia, May 31—(AP)—A girl was born today in the University of Pennsylvania hospital while 100 newspaper men and women seated before color television receivers three floors away watched step-by-step the caesarean operation.

Smith, Kline & French Laboratories, Inc., sponsor of the demonstration in cooperation with the university and Columbia Broadcasting System, Inc., said it was the first time natural color television of surgery had been shown publicly.

The pharmaceutical firm plans a series of such demonstrations at the American Medical association convention in Atlantic City, N. J., next week.

Officials of CBS, which designed the equipment, and Zenith Radio Corp., manufacturer of the receiver, emphasized that the demonstration was not color television comparable with present reception of a black and white picture. The equipment was specially designed for closed circuit operation and is intended primarily for surgical instruction in medical schools.

"This demonstration does not mean the coming of color television for the public," President Eugene F. McDonald, Jr., of Zenith said in a letter made public here. He pointed out that the television picture was not broadcast, but was carried from the camera to the receivers on telephone wires.

La Paz, Bolivia, May 31—(AP)—A detachment of 200 Bolivian troops battled 2,000 dynamite-hurling strikers today for control of the Patino company's Huamuni tin mines.

Superintendent Howard Keller, a U. S. citizen, was held captive by the miners, who struck to enforce a demand that the government release 26 men—union leaders and others—deported to Chile Friday.

It was a continuation of violence, which the government described as a politically inspired "state of civil war," set off at the weekend in the tin mining region of the Andes southeast of La Paz. A state of siege, or modified martial law, was imposed last night. U. S. citizens and other foreigners were being evacuated from the mining area. Sympathetic strikes crippled railway service.

Unofficial reports said the death list might total 50.

The government announced that 14 persons had been killed and 25 wounded, but its figures were incomplete.

Two miners were killed and six wounded yesterday in an attack on the federal police station at Huamuni. Several policemen were wounded.

Washington, May 31—(AP)—Sensors working on the appropriation for the Atomic Energy Commission (AEC) decided today to write into the bill a requirement for an FBI check on all applicants for AEC education funds.

Senator O'Mahoney (D-Wyo.) told reporters that he will put into the appropriation bill. He is chairman of an appropriations subcommittee, handling the AEC request for over a billion dollars in the 12 months beginning July 1.

The present congressional inquiry into the AEC was touched off by disclosure that an admitted communist holds an AEC fellowship.

## Fifth Mothers' School Opens Today At I.S.D.

The fifth annual Mothers' School for Young Deaf and Hard of Hearing children opens today at the Illinois School for the Deaf with 45 mothers from all parts of the state enrolled. The school will continue through June 10.

Started six years ago, the clinic has already served over 2,000 mothers either in classes or correspondence courses. It is for women with children six years old and under.

Mr. Tracy to Speak Heading the list of specialists who will lecture to the mothers is Mrs. Spencer Tracy, wife of the screen star, who will speak this afternoon at 2 o'clock in the school auditorium.

Mrs. Tracy, founder of the John Tracy Clinic for Deaf Children in Los Angeles, is perhaps the country's best known mother of a deaf child. Her son, John, now 24, was discovered to be deaf at the age of 10 months. Recently he was graduated from the University of Southern California and is now attending an art school.

Other specialists who will address the mothers include: June 2, Dr. Julius B. Richmond, pediatrician, University of Illinois College of Medicine, Chicago.

June 3, Dr. Richard Marcus, otologist, department of otology, University of Illinois College of Medicine.

June 4, Dr. Herbert Koop Baker, speech, director of speech and hearing rehabilitation, University of Illinois Eye and Ear Infirmary, Chicago.

June 6, Dr. Milton C. Baumann, psychiatrist, Springfield.

June 7, Dr. Raymond Carhart, for Young Deaf and Hard of Hearing children opens today at the Illinois School for the Deaf with 45 mothers from all parts of the state enrolled. The school will continue through June 10.

June 8, Maurice V. Moriarty, language, supervising teacher, Illinois School for the Deaf, Jacksonville.

June 9, Daniel T. Cloud, education, superintendent, Illinois School for the Deaf.

Mr. Cloud, I. S. D. superintendent, extends an invitation to the public to attend the lectures, which will be held every afternoon at 2 o'clock except Sunday, June 5.

On Friday evening, June 10, at 8 o'clock, Dr. Jean Utley, associate director of speech and hearing rehabilitation at the University of Illinois Eye and Ear Infirmary, will offer a summation.

No Action Taken To Have Rutledge Released On Bond

Cedar Rapids, Ia., May 31—(AP)—No action toward seeking his release on bond was taken today in the case of Dr. Robert C. Rutledge, Jr., 28, of St. Louis.

A jury last Saturday convicted Rutledge of second degree murder in the knife wound death here last Dec. 14 of Byron C. Hattman, 29, alleged seducer of the doctor's wife.

District Judge J. E. Heiserman until July 1 to move for a new trial. If the judge denies such a motion he then will pronounce sentence. It is up to the judge to set the sentence which can range from a minimum of 10 years in prison to a life term.

Dr. Rutledge, back in county jail garb, has spent most of his time since the conviction quietly reading magazines and newspapers in his cell. His wife and his relatives left the city yesterday.

His attorneys have said they will seek to arrange his release on bond at an early date.

Stevenson To Give Solons School Aid Program Thursday

Springfield, Ill., May 31—(AP)—Governor Stevenson will present to the legislature Thursday his \$112-000,000 program for state aid to common schools.

A spokesman said today the governor plans to personally deliver his long awaited special message on schools. The Senate and House will meet in joint session at 9:30 a.m. (CST) Thursday to hear it.

Bills to put the program into effect probably will be started through the legislature the same day.

His budget calls for a total outlay of 70 per cent more than the \$66-000,000 the 1947 legislature allotted for the two years ending June 30.

Stevenson has indicated his proposal for allocating grants will place a premium on proper organization of school districts. High instruction standards and administrative efficiency and economy.

It may provide for higher local taxing minimums as a condition of receiving state financial help.

4000 Policemen Seek Assailant Of Victor Reuther

Detroit, May 31—(AP)—Four thousand and law enforcement officers bore down tonight on every known gambling den, hoodlum hangout and subversive headquarters in Wayne county (Detroit) in a renewed hunt for the would-be killer of Victor Reuther.

They were working on the theory that the shootings of Victor and Walter Reuther might have grown from the brothers' opposition to gambling in this city's auto plants.

Police Commissioner Harry S. Toy reported an underworld tip that the Ford Motor Co. strike had cost a gambling syndicate \$250,000. The losses were in horse racing bets, numbers, pools and lotteries.

Meanwhile, Toy reported that only 20 of the shots of the type used in the Victor Reuther shooting were sent into Michigan. The Massachusetts manufacturer reported that all 20 were delivered to a Bay City distributor, Toy said. The distributor in turn sold them to retailers in Bay City, Saginaw and Flint.

Toy said 15 of the 20 have been traced so far.

Detectives planned to confer with Victor Reuther tomorrow morning. It will be the first questioning of the union leader since he was shot one week ago tonight.
